## NOTES TO FEE SCHEDULE:

*The following notes apply to the entire fee schedule and as specified to individual permits.*

---

- A. Fees shall be submitted in full at the time of application submittal to the County. Where a project requires more than one permit, the full fee shall be collected for each and every permit required.
- B. Pursuant to a written request, the Board of Supervisors may waive or reduce fees upon a finding that such waiver or reduction is in the public interest and that the applicant or appellant is unable to afford such fees.
- C. Fees for specified applications are charged on a deposit/at cost basis. The fees noted in the fee schedule are minimum fees to be paid at the time of application filing to cover the average County cost of review. A signed agreement for payment of application processing fees between the County and the applicant shall be required at the time of application filing. Should actual costs exceed the amount of the fee, the applicant will be billed for additional costs. The Agency Director shall have the ability to refund part of the fee deposit if the actual processing costs are substantially less than the original fee deposit. Services are charged at a rate of \$128/hour.**
- D. The Agency reserves the right to charge actual cost (at a rate of \$128/hour) on large, complex, unusual, and/or time consuming projects in order to ensure that the fee will cover the actual cost of service.
- E. Portions of fees may be refunded upon withdrawal of the application; the amount of refund shall be determined by the Agency Director, based upon the amount of work done by the County prior to withdrawal.
- F. Full fee credits may be granted toward resubmittal of applications if applications are withdrawn and resubmitted within 60 days from the date of withdrawal with the prior written authorization of the Agency Director.
- G. Other development-related fees which may be required include, but are not necessarily limited to, the following fees: building, grading, well, septic, creek, encroachment, fire review, improvement plan review, transportation facilities, road impact, housing impact, inclusionary housing, park mitigation, and school fees.

In the event that any work has been undertaken or use made of the property without legal authority prior to completing the requisite procedures necessary to authorize such work or use, the applicant shall pay two times to four times the specified amount, based on the criteria set forth in Marin County Code, Section 1.05.050 D, that is hereby incorporated by reference as is fully set forth herein, unless waived by the Agency Director based on a finding that such a waiver is in the public interest and that the applicant is expeditiously correcting the violation.
- I. The Agency Director shall have the ability to waive or transfer from the In-Lieu Housing Trust Fund up to 100% of the planning fees for projects which include below market rate housing units subject to the requirement that the project meet the eligibility standards for state or federal housing funding. The amount of fees waived to be determined based on the proportion of the project, which is below market rate housing, and the permanency of the housing subsidy.
- J. The Agency Director is authorized to waive up to 35% of the planning fees for projects undertaken by community-based non-profit agencies or organizations which provide services resulting in public benefits.
- K. The Agency Director is authorized to waive up to 100% of the Design Review, Coastal Permit, and the Community Development Agency's environmental review exemption fees for solar photovoltaic projects that are consistent with applicable codes and guidelines.
